

PERSONALITY DISORDERS AWARENESS

Course Number

S1

Validity

3 Years

Duration

3 Hours

Assessment

-

This course introduces delegates to the characteristics, classifications, and behaviours associated with the ten recognised types of personality disorders. Participants will explore the signs, symptoms, and potential causes of various disorders, including Borderline, Paranoid, and Anti-social Personality Disorder. The session includes case studies, group discussion, and practical reflection on support strategies and interventions. Suitable for support staff, carers, and healthcare professionals working in mental health or social care.
