

FIRE RESPONSIBLE PERSON

Course Number

S1

Validity

3 Years

Duration

3 Hours

Assessment

-

This course is designed for individuals who are, or will be, designated as the Responsible Person under fire safety legislation. Delegates will explore their legal duties under the Regulatory Reform (Fire Safety) Order 2005, learn how fires develop and spread, and develop the knowledge to reduce risks and maintain a safe environment. The course also covers evacuation strategies, fire marshal responsibilities, extinguisher use, and how to conduct effective fire risk assessments. Suitable for care managers, team leaders, and staff with fire safety responsibilities.

Introduction

- Welcome, housekeeping, and course objectives

Course Programme

- Understanding fire safety legislation and the RRO
- Fire science: how fires start and spread
- Fire triangle, ignition sources, fuels, and heat transfer
- Risk reduction strategies at work and home
